TEMS Staff	Jay Porter	X		
Guests				
<u>Jurisdiction / Agency</u>	<u>Guest's Name</u>		<u>Guest's Name</u>	

Welcome/Introductions were made and the February minutes were approved as written.

- New Business

- Jay Porter presented data to the group that had been requested by the OMDs at the December meeting surrounding the use of Dopamine in the TEMS and PEMS region and the request that had been made to the State to look at statewide usage of Dopamine within the other regions. Discussion about some of the reasons Dopamine was given. Dopamine only given 32 times in the TEMS region over the past 2 years. PEMS reported only 12 uses last year within their region.
- Data Collection from VPHIB for review
 - i. The group will table the discussion until the next meeting with ideas. Jay Porter will try and ascertain information from the state for a data request to benchmark data from region to region. Question was raised if we could get data from the State OEMS to compare our region to the other regions as well as the State. Jay Porter will look into and attempt to get info from the other regions or VA OEMS for future projects, etc.

- ii. PI forms will be evaluated during the next meeting. Agencies have been experiencing difficulty completing the forms online; Jay Porter will speak David Coulling to review the online form.
- Dates to remember located at www.tidewaterems.org

The next meeting of the EMS Performance Improvement Committee will be:

April 10, 2014 @ 1330

TEMS Office- 1104 Madison Plaza Chesapeake, VA 23320
