Item (Project)	Discussion (Status)	Action Required	Barriers	By Whom/When
Intro / Approval of Minutes	<ul style="list-style-type: none"> Δ Call to order and introductions Δ Teleflex reps, Katie Ward and Nick Cappello, came to tell us about their TTT for a handful of clinical people to take a 2-hour class. Also, they are working on FDA approval for freeze dried plasma. Stated can administer whole blood through IO – need to see research to support. Coming to Expo on Saturday with their cadaver lab, people registered for expo have access to these classes first. Asked for training on Pediatric distal femoral IO Δ Approved February's minutes: Will 1st and Ksenia 2nd, none opposed 	N/A	N/A	N/A
Educational Programs	<ul style="list-style-type: none"> Δ Expo: May 10-15, 2022 –registration is open at www.temsexpo.org classes include pig heart dissection, escape rooms, pharmacology, peds, dementia, social media in EMS, strangulation, etc. Pre-conference classes include, TECC, PHTLS, PEPL, MCI, GRIN (CISM), PALS, ACLS, DICO, Handtevy TTT and recertification. Δ Other Training Programs: EVMS hosting 'Medical Management of CVRNE Events', ICS 400 at TEMS, online suicide awareness class, and 6th annual pediatric conference by CHKD 	N/A	N/A	N/A
MOC/OMD	<ul style="list-style-type: none"> Δ No MOC meeting, next one is 4/13/22 Δ OMD approved moving Solu-medrol and mag from PO to SO for AEMTs Δ Approved Versed for seizures, morphine and fentanyl 1st dose as SO for non-cardiac pain management for AEMTs – future doses are PO Δ Zofran approved for standing order for AEMTs Δ Dialysis decision point changed to Peaked T waves, Wide QRS or Bradycardia and Calcium Chloride changed to 1 gram – and to remove sodium bicarbonate for dialysis patients unless in cardiac arrest Δ Tabled the conversation about combative trauma patients with head injury Δ OMD approved the sanctioning exam for all new ALS providers serving in the TEMS region. And approved moving the process online (100 question test from a 300 question bank) Process: graduate paramedic program with cert, agency affiliation, take test (proctored by agency), begin precepting process, then oral boards – effective 4/1 	N/A	N/A	N/A
PI Initiatives	<ul style="list-style-type: none"> Δ July Updates Training PPT review – needs updates based on most recent changes, will be available at next meeting. Will include a voice overlay and quiz at the end – agencies can choose to use or not use it Δ NASEMSO Model EMS Protocol for Prehospital Pain Management follow up – OMD's were not in a hurry to explore IV pain meds like Tylenol due to cost 	N/A	N/A	N/A

Item (Project)	Discussion (Status)	Action Required	Barriers	By Whom/When
	<ul style="list-style-type: none"> Δ AEMT training Ksenia is going to help develop the 100 question bank for AEMTs new sanctioning process – no oral board process needed. Agencies can use their discretion for transfers. Will need MOC and OMD approval Δ iGel Protocol and Training creation – Valerie asked David Jacob from CFD for their materials; shouldn't require a protocol change maybe a quick reference card Δ Updated De-escalation protocol review and remove appendix D – changed name of protocol - Will motion to accept, Jerry 2nd; none opposed Δ Bridge training will be a separate rollout for shock trauma to AEMT – draft ready in April, may incorporate YouTube training 			
New Business and Roundtable	<ul style="list-style-type: none"> Δ Clarius C3 demo will be 4/20 from 11:30-12:45~ ~ pizza party! Δ CPAP – majority of agencies use Flowsafe II, trying to find objections to get that restocked at the hospital. Valerie to reach out to agencies that primarily use another device Δ OEMS scope of practice was updated to note critical care paramedic skills using red dots to help with CCT billing, link is in email Δ IOW transitioning to Glidescope Go Δ Northampton is involved in a grant process with CSB for community Paramedicine with Rappahannock Δ Franklin – AEMTs starting in fall Δ Lifeguarding start in May 	Yes	N/A	N/A
Monthly Protocol Review	<ul style="list-style-type: none"> Δ <u>AOV notes</u>: Changed 10-12 ventilation in special considerations to just 10 Δ <u>12-Lead Reference</u>: Added bullet stating “Obtain 12 lead prior to moving the patient, unless there are concerns with scene safety or privacy.” Δ <u>Chest Pain notes</u>: In Goals section, added bullet to “Identify ACS patients with the following ...” Δ <u>Chest Pain flowchart</u>: Changed yellow instructions box to match line added to 12-Lead noted above Δ <u>De-Escalation Reference Guide</u>: incorporated Appendix D Patient Restraints, changed name, removed the bullet points under “Assess the need for sedation”, and pointed providers to the Agitated/Combative protocol for dystonic patients Δ <u>Lifestest (Zoll) reference</u>: Added verbiage” Please click here for the EMS poster instructions” Δ <u>LVAD flowchart</u>: Added “manual” to Start CPR block, but holding for follow up to cardioversion defibrillation to treat the patient like ACLS or have the LVAD intervene 	N/A	N/A	N/A
Next Meeting	This Committee meeting will be hybrid on April 20, 2022 at 9:30 AM at TEMS	N/A	N/A	N/A
